Greetings!

The Professional Regulation Commission (PRC) CPD Council has developed ways in improving the ease of application of CPD Programs by the CPD Providers and the dental professionals, thus they have developed the Continuing Professional Development Accreditation System (CPDAS). This system will surely ease the monitoring of CPD programs of the CPD Provider and the dental professionals

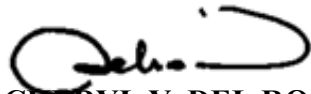

We are encouraging all PDA Members and Dental Professionals to create their own CPDAS Account based on the instructions and guidelines written on the CPDAS site. Please take note of your log in/ username and password that you use as to prevent further inconvenience in accessing of it in the future.

Our very own PDA Membership Control Panel (MCP) will continue to be updated and will be your repository of your certificates from approved CPD programs of the PDA and of your respective chapters and affiliate organizations.

PDA continues to support any programs and initiatives of the PRC for the improvement of the dental profession.

Stay safe and Stay Healthy,
